

Dries Bosmans

Junior Developer

Profile

Hi, my name is Dries.

I'm a passionate software developer, proficient in an assortment of technologies, including Node.js and C# .NET. I'm able to effectively self-manage during independent projects, as well as collaborate in a team setting.

Employment History

Test engineer at Wisemen, Diepenbeek

2023 – 2024

Developed and executed test plans for mobile applications to ensure compliance with industry standards and best practices.

Junior developer at GOit, Ham

2022

- Development and bug fixing in PHP and JavaScript.
- Created automated tests that run daily to prevent critical bugs.
- Data imports and exports at the client's request.

Internship at GOit, Ham

2021 – 2022

Researched and implemented vehicle tracking software in Puntoo.

Welder at Berrevoets Hekken & Poorten, Beringen

2011 – 2020

Education

Associate degree, Hogeschool PXL, Hasselt

2020 – 2022

In this education, I learned all the skills and abilities to become a successful software developer. It focused both on hard skills (C# .NET, web-based languages, SQL) and soft skills (communication skills, scrum, IT organization) with a very hands-on approach.

Courses

Blockchain development, Udacity

2022

TypeScript, Udemy

2023

Node.js: MVC-like project architecture, Udemy

2023

Git, Udemy

2024
